YOU'RE INVITED TO ATTACHE UPDATE 2011

Free Seminars - Improving Your Business New Attaché PRO Release available now with two new modules!

I am pleased to invite you to Update 2011, our annual free seminars that showcase the best new features and applications for your Attaché system. This year we are doing things a little differently – our focus for 2011 is **business improvement**.

There are two sessions; the first covers Attaché PRO and Business Improvement and the second focuses on payroll legislation and changes.

Attaché Director of Strategy Darrell Weeks, an international business improvement expert, speaker and accomplished management executive, will be sharing tips on how **business owners** can make **more money with less stress**. You will be able to take something away from this seminar and put it into practice immediately to improve your business.

Attendance is free but seating is limited, so I urge you to register as soon as possible by completing the registration form on the back of this page.

Join us at Update 2011 and be sure you're up to date with all the latest developments; we look forward to seeing you there.
