

## Update 2010 Seminar & Job Costing Release

Dear Attaché PRO User,

We are pleased to invite you to the Attaché PRO Update 2010, our free information seminars showcasing the latest features released in Attaché PRO over the past year. Update 2010 will be followed by a short break, and then it's the exciting release of **Attaché PRO Job Costing**. Come and see how these features could benefit your business.

### Attaché PRO Update 2010 9.30am – 10.45am

It has been over a year since Attaché PRO, the next generation in accounting software was released and with so many exciting new features and tools being added with each release we have put together a presentation to showcase these to you. Come along to this free session to see what's new and improved in your software and how it can work for your business.

### Attaché PRO Job Costing 11.00am – 12.00pm

Attaché PRO Job Costing allows you to manage and control the full Job Costing cycle, from creating estimates through to adding actual costs, invoicing customers and tracking profits.

Best of all, it's fully integrated with your existing Attaché PRO modules and Attaché Payroll, which not only makes it simple and easy to use; but also ensures you have the accurate up-to-date information your business requires, enabling you to make good business decisions.

If you are currently using PowerLink Job Costing or Prophet DOS Job Costing you should attend this session.

**Attaché PRO Job Costing is due for release in May 2010!!**

### Register now!

Attendance is free, however seating is limited, so please register as soon as possible.

Complete this form and fax it to:

**0800 776 741**
